

Brigadoon Village

Bring Brigadoon to You

We are excited to share a Brigadoon Village experience with as many folks as we can! We understand that things like travel to Aylesford, a full day away from school/work, and an overnight stay may be barriers to access for some groups who could benefit from Brigadoon programming. It's for this reason that we've created our Bring Brigadoon to You program!

We'll customize a program to fit your group's needs and objectives in order to deliver a fantastic experience at your facility! Our qualified and engaging staff will bring all of the supplies (and their expertise!) with them to facilitate a day (or half day) of fun, reflection, and learning!

School Groups

We are happy to come to you to engage your students in areas like:

- Leadership Development
- Team Building Challenges
- Nature Education (which can be customized to fit your curriculum needs)
- Wilderness Skills
- Arts and Crafts
- Physical Activity/Education

We're happy to work together to design an age-appropriate day which is the perfect balance of fun, learning, and working together! We'll ask that you take care of any facility bookings and that you have adults present to help with the supervision of the students, but otherwise, we'll take care of the rest!

Corporate Groups

Why not plan for a break from the way your office typically operates? Our dynamic and fun staff can come to facilitate a day of learning and team building which will leave your employees energized and ready to work together even more effectively than before! Whether it's by leading them through challenges they need to tackle as a team, by helping your managers to create the most positive and supportive workplace culture possible, or by facilitating sessions that will help your employees communicate more compassionately with one another, we can design an experience which will be just the right fit for your team. We offer sessions in things like:

- Conflict Resolution
- Compassionate Communication
- Creating Positive Work Culture
- Supporting and Empowering Employees
- Tough Conversations for Managers
- The Essentials of Giving Empowering Feedback

And more!

Youth-Serving and Program-Oriented Organizations

We'd love to help support you in the great work that you're already doing! We are happy to come to you and share some of our information and experience in areas like:

- Team Building for your employees
- Behaviour management best practices
- Growing confidence in kids
- Supporting emotional regulation and coping skills in children and youth
- Designing intentional and impactful programs
- Facilitating exciting and engaging activities
- Inclusive programming - adapting to a wide range of needs and abilities

Consultation Services

Perhaps a formal session isn't the best fit for your organization, but you could use some support in any of the above areas. We are happy to sit down with you and talk through topics in **Supporting Children and Youth, Intentional/Inclusive Programming, Workplace Culture, Supportive Staff Supervision**, and more! Let us know which areas you could use some support with and we'll provide you with an idea of what we can offer!

Brigadoon Village 1650 North River Road, Aylesford, NS, B0P 1C0
