

Corporate and Community Groups at Brigadoon

Why book with us at Brigadoon Village?

We are committed to designing an experience which will deliver on the goals and outcomes that will be the best fit for your organization's needs. We can provide:

- **A beautiful venue for meetings and retreats:** Bring your team for a change of scenery where meetings and workshops can take place surrounded by nature and complete with tasty treats!
- **A fun community-building experience** which can leave your team feeling more connected: We can provide intentionally-designed activities which will give your team an opportunity to solve problems, try new things with one another's support and encouragement, and laugh together in shared experiences. We can design our activities specifically to help them work together more effectively, to learn more about one another, or to allow them to share in fun and challenging activities. Regardless, we can provide an experience which will leave them feeling more united and ready to move forward as a stronger team.
- **A professional development opportunity.** While onsite with us, we are happy to provide training sessions in areas such as **improving workplace culture** (conflict resolution, creating positive culture, etc.,) **supportive staff supervision** (facilitating growth in employees, giving supportive feedback, etc.,) **best practices for working with children/youth** (growing confidence, managing behaviours supportively, supporting emotional regulation, etc.,) or **designing/delivering intentional programs** (adapting to a wide range of needs, skills in strong program facilitation, delivering on purposeful outcomes, etc.) Contact us to learn more about what professional development opportunities we can provide.
- **Or some combination of any of the above!** Pair your meetings with some time spent around the campfire, some climbing, a team-building activity, or a Brigadoon-led learning experience. We're happy to discuss what will be the best fit for your team!

Best of all, all proceeds from bookings with us during our Outdoor Centre season help set us up to deliver on our mission – providing the life-changing experience of community, confidence, and skill-development to children living with chronic health conditions and other life challenges through our summer camp programs.

We are open for bookings for the full **fall, winter, and spring** seasons and you are welcome to join us for a morning, a day, a weekend, or longer! We are also happy to discuss opportunities to have our staff come to facilitate an experience for your team in your office or workspace instead, if that will be a better fit!

Onsite, you'll benefit from our beautiful location, our state-of-the-art facility, our top-notch food service, our commitment to above-and-beyond customer service, and our expertly facilitated programs, including (but not limited to):

Our activities include, but are not limited to:

- Art (arts & crafts, nature art, pottery)
- Archery
- Canoeing/Kayaking
- Climbing Wall/High Ropes Course
- Cooking
- Fire/Shelter Building
- Giant Swing
- Hiking/Nature Programs
- Team Building

You can learn more about our facilities, rates, and what we can design to be just the right fit for your team on our website! Feel free to reach out to us directly, as well, at (902) 681-800 or info@brigadoonvillage.org
