

**Brigadoon Village offers a unique outdoor facility for those interested in experiencing the great outdoors!**

Our campsite provides a tent camping experience in a beautiful, forested area. It's designed to be

a self-contained, off-grid site for groups that can create an enriching experience that encourages connection, collaboration, and personal growth. The entire site is located down an accessible trail and surrounded by trees and water, a private campsite without being deep in the wilderness.

The campsite features:

- **Two large canvas tents.** Each can comfortably sleep 20 people.
- **Two small canvas tents.** Each can sleep three people.
- **Five tent pads.** Additional spots to pitch your own tent as needed.
- **Campfire circle.** Complete with benches, this is an ideal space for different program activities, for cooking outdoors. Firewood is provided.
- **Dining Tent.** A flexible space that can be used for seated dining, or as a programming space depending on the needs of the group. A back deck provides a BBQ and ample space for cooking.

Campsite rental includes garbage disposal, latrines, and water for cooking and cleaning.

## Build Your Own Stay

Groups are able to use only the overnight site and organize their own activities, or make use of the Brigadoon Village facilities and programming.

Add-ons include, but are not limited to:

- Messy Arts (arts and crafts, nature art)
- Archery
- Canoeing/Kayaking
- Climbing Wall
- High Ropes Course
- Fire/Shelter Building
- Pottery
- Giant Swing
- Hiking/Nature Programs
- Team Building

Best of all, all proceeds from bookings with the Outdoor Centre help set us up to deliver on our mission – providing the life-changing experience of community, confidence, and skill-development to children living with chronic health conditions and other life challenges through our summer camp programs.
