

## About Brigadoon

Brigadoon Village is a non-profit year-round recreational facility. During the summer months, we run an overnight summer camp program specific to children and youth living with chronic health conditions and other life challenges (such as grieving the loss of a loved one). Our programs give campers a chance to meet others who understand their specific struggles and help them to feel less alone in their challenging circumstances. We focus on building meaningful connection and community and sending our campers home stronger, more confident, and with some new skills to be proud of. Our hope is that if we do our jobs well, the one week that they spend with us each year can make the other 51 weeks of the year a little bit easier.
